Superintendent

September 19, 2008

Dear Parent/Guardian:

In light of the huge response and success of students last year in the Back on Track initiatives, the Board of Education for High School District 215 is pleased to continue their support for programs that focus on high academic standards for all students.

As a part of our Back on Track initiatives, we are again offering the Credit Recovery program. This program will be offered at the Center for Academics and Technology (see flyer on back) starting September 30, 2008. These classes are not part of the regular school program; they are after school courses that can help students recover the credits they need. Don't let your child miss this opportunity! If students fail to take advantage of the Credit Recovery option, their lost credits will jeopardize their grade level status. Registration is taking place now in the bookstore at both TF North and TF South, continuing through the 1<sup>st</sup> day of classes on September 30<sup>th</sup>.

Again, we are taking these necessary steps forward because we want what you want for your child: success in high school and excellent preparation for life after high school. If you have questions about the Credit Recovery program, feel free to contact Mr. Kent Farlow, Principal of the Center for Academics and Technology, at 708-585-2380.

Thank you for your continued support.

Sincerely,

Creg E. Williams, Ed.D.

CEW:df
