

January 2009

Welcome to the start of the second semester. As we face new educational challenges, please be reminded that your school is structured to assist students in achieving their educational goals. Our schools will continue to offer our traditional core educational programs while ensuring that the following options are available to all of our students, whether they are gifted, advanced, or require additional support:

- Advanced Placement Courses
- Dual High School/College Courses
- Honors Courses
- Freshman Credit Recovery
- Credit Recovery 10 – 12
- Supplemental Educational Services Program

As we move forward into this new year, please don't hesitate to contact your child's school for academic or support related issues.

Creg E. Williams, Ed.D.  
Superintendent
