

January 2010

Dear Parent and Guardians:

Welcome to the start of the 2nd semester. Last semester we initiated our new Power School program which allows parents to be more involved in their child's day-to-day education. Access to Power School provides parents/guardians around-the-clock access to real time information about student's attendance, grades, and discipline, in addition to communicating with teachers and staff.

We hope that you find this program to be helpful as you follow the progress of your child. If you have not yet set up, please feel free to contact our IT department at (708) 585-2347.

As we start the 2nd semester, please familiarize yourself with your child's schedule, classes, and instructors. This coming semester our students will continue to enjoy the many academic offerings and extra-curricular activities available in District 215. Please feel free to visit your child's school and do not hesitate to reach out to his or her teachers.

Sincerely,

Creg E. Williams, Ed.D
Superintendent
