

May 7, 2009

Dear District 215 Community,

Join me in congratulating our graduating seniors and their families for a job well done!

To our underclassmen I challenge you to strive for continuous success as you matriculate through your years in District 215. As we begin to wind down the school year I encourage both parents and students to be cognizant of the importance of a strong and successful finish. Often schools experience a lapse in effort by many students who feel that the warmer weather and longer daylight are signs that summer has arrived and school is out. However, it is imperative to families that students continue their efforts of attending school regularly, studying and working in classes diligently until June 8th.

The District Final Exam schedule is available on-line for **Senior Finals May 19th and 20th** and students in **Grades 9-11 on June 4, June 5 and June 8**. Parents please make sure your student is continuing to complete all assignments/ projects and prepare for assessments including the crucial 2nd semester final exams. Student success is only heightened by the diligence and support of an involved parent.

Thank you for your partnership and I look forward to a summer filled with preparations for an excellent 2009-2010 school year!

Creg E. Williams, Ed.D
Superintendent
