

Summer 2010

Dear Parents/Guardians,

As we prepare for the close of another successful school year, I would like to bring a few important end-of-the-year activities to your attention. First, I want to extend congratulations to the Class of 2010 seniors and their parents! I know it has been a long and challenging four year journey and I know that graduation will be a worthwhile celebration as we send our 12th graders off for post-secondary success.

Please be mindful that senior final exams are May 19th and 20th. Seniors should remain focused on academics to ensure successful completion of the semester and their high school career.

Final exams for all underclassmen will be Wednesday and Thursday, May 26th and 27th. Students should give their full attention to their academic studies for the remaining four weeks and prepare themselves for success on all final exams for a strong finish to the 2009-2010 school year.

If your student will be attending summer school, please do not forget to check with each individual school for registration details. If your student will not be attending summer school or participating in other district programs, please find a way to encourage some type of scholastic activity during the summer break.

Please be on the lookout for information on registration and book pick-up this summer for the 2010-2011 school year.

Thank you, and have a enjoyable and safe summer!

Creg E. Williams, Ed.D.
Superintendent
